

# Tubing Anchor/Catcher

## OVERVIEW

The Logan Tubing Anchor/Catcher is a time tested design that has proven to be rugged and reliable. It can anchor tubing in either tension or compression. The Tubing Anchor/Catcher is fully retrievable or resettable and includes a safety shear release feature that can be adjusted quickly in the field. The Tubing Anchor/Catcher employs drag blocks rather than drag springs for maximum drag reliability. The Tubing Anchor/Catcher requires left hand rotation to set the tool. It is released with right hand rotation.

Size (in)	Weight (lbs)	Gauge Ring OD (in)	Anchor Bore (in)	Connection
2.875	6.4 – 6.5	2.250	1.00	1.900 NU10Rd
